WORKSHOPS

- **What opportunities after my PhD?** 3 days to think about your career plan, to learn how to market your skills and how to develop your network by meeting professionals
- **CV& Co:** 4 days to prepare your French-German mobility and learn how to convince recruiters.
- **Preparing your international mobility:** from half-day to 4-day workshop to inform about mobility, to take into account the different aspects of this experience and to implement efficiently your mobility project.
- **Post-Doctoriales :** 3-day workshop to give you time to think about your professional identity, your wishes, to understand the recruitment process and recruiters' expectations in different countries, to discover new career path and develop your network by meeting professionals... A crossborder version is available.

GUIDANCE

- **Individual guidance:** counselling session of 1 hour (in our premises or by Skype).
- **Development Center:** a unique occasion to train for a specific recruitment method used by international organisations and large companies, called Assessment Center. After the session, you will benefit from an individual feedback by our consultants, which should help you to identify your strengths and improvement axes in 5 skills (leadership, assertiveness, creativity, team spirit, analytical thinking)
- **Apéro doc**
Networking events between doctoral candidates and doctorate holders which should help you to identify new career options and to implement your career plan... A professional event in a friendly atmosphere!

Bonus: ABG helps you in your career reflection by giving you a free access to tools tailored for doctoral candidates and PhDs.

- **Online skills portfolio DocPro :** www.mydocpro.org

ABG designs tailor-made training sessions for companies, research institutes and universities with specific needs.

ABG was created in 1980 to:

- bring together academia and industry;
- facilitate the career development and intersectoral mobility of PhDs ;
- help companies recruit PhDs.

To do so, ABG develops specific training sessions for PhDs and has a bilingual job board.

ABG is supported by the French Ministry of Research and Higher Education, the French Scientific Research Center (CNRS), public and private sectors.
